

SENIOR ENGINEERING TECHNICIAN

Salary: \$37,835

Full Time with Benefits

Warren County is seeking a **Senior Engineering Technician**. An employee in this class performs sub-professional technical duties relating to the planning, design and construction of County projects and facilities. Responsibilities include developing designs and specifications for repairs, replacements and construction projects as well as conducting field measurements, surveys, and reviewing conditions. Assignments received orally or in writing are of a general nature thus allowing opportunity for the use of independent judgment in choosing methods for accomplishing a particular task. Supervision is usually exercised over subordinate engineering aides and other lower ranking personnel. Work is subject to review in process upon completion by professional engineering personnel. This class is distinguished from that of Engineering Technician by reason of the greater degree of independence with which an employee works, the higher the technical skills required and the increased supervisory responsibilities. Does related work as required.

Minimum Qualifications:

- (a) Associate Degree, or higher in engineering, construction, environmental science or related field; or
- (b) Graduation from high school and two (2) years of experience where the primary function of the job involved 1) assisting in civil engineering work or 2) construction management, inspection or oversight work; or
- (c) Any equivalent combination of experience and training.

Special Requirement: A valid license to operate a motor vehicle in New York State is required at the time of appointment.

Position will be filled based on Civil Service Law and Rules. A provisional appointment will be made with examination to be held at a later date. Candidates must meet civil service requirements for appointment following establishment of eligible list.

Authority to fill this job vacancy is subject to the approval of the Board of Supervisors.

APPLICATIONS ARE BEING ACCEPTED UNTIL SEPTEMBER 17TH, 2018
